Follow the ACS AuthorChoice flowchart to find the option that's best for you:

CREATIVE COMMONS LICENSES

Do I need one? Some funders require a CC-BY license for all published research. Check with your funder to confirm if a CC-BY license is necessary.

WHAT ARE MY OPTIONS WITH ACS?

1) CC-BY: Allows others to distribute, adapt and build upon your work, even commercially, as long as they credit you for the original creation.
2) CC- BY- NC-ND: Allows others to download your works and share them with others as long as they credit you, but they can't change them in any way or use them commercially.

For more information on Creative Commons licenses, please visit: **https://creativecommons.org/licenses/**

ACS Publications
Most Trusted. Most Cited. Most Read.

With discounted pricing as low as $500, ACS AuthorChoice is a pretty sweet deal.

For more information, visit: **pubs.acs.org/authorchoice**

**ACS Omega* is a fully open access journal. All articles are open access immediately upon publication.
