

## American Chemical Society Publications Division

### Multi-Site/Consortium License Agreement

This License Agreement (“License”) is entered into this \_\_\_\_\_ day of \_\_\_\_\_ 201\_\_\_\_, between the American Chemical Society (“ACS”) and \_\_\_\_\_ (“Licensee”).

#### 1. SCOPE OF LICENSE

ACS grants Licensee a non-exclusive and nontransferable License to access ACS products and services as specifically identified in Attachment A (collectively “ACS Products”), subject to the terms and conditions, and subscription or access set forth in this License, including all attachments.

#### 2. TERM

The initial term of this License shall be through December 31, 2012. Unless otherwise agreed to by ACS and Licensee in writing or unless the License is terminated as provided for herein, the License shall automatically renew for additional one-year terms on payment of annual access, subscription and/or platform maintenance fees as set by ACS and agreed to by the Licensee. This License will be reviewed, revised and applicable and re-signed in its entirety approximately every 5 years. If applicable, the term of this License for Reagent Chemicals Online shall commence with access to the current Reagent Chemicals Online site and conclude with the posting to the ACS website of a new edition, at which time the older edition will be permanently removed, and the term of this License for ACS Symposium Series Online will commence with the purchase of the Archive and/or Current File.

#### 3. FEES AND PAYMENTS

a. Licensee agrees to pay ACS the appropriate license fee (“License Fee”) specified in Attachment C, for a term (“Term”) of twelve (12) months starting on January 1, 2012 and ending December 31. (For customers wishing to maintain calendar year subscriptions, Fees for License terms beginning after January 1 will be pro-rated to the end of the calendar year in which the License is effectuated). Upon receipt of a completed, signed License, access to the ACS Products will be activated. Content access in this mode is deemed “Subscribed Content.” Licensee agrees to pay ACS appropriate add-on License Fee specified on supplemental invoices received when/if the Licensee adds ACS titles in print or Web formats, or other electronic products to this License.

b. Licensee agrees to pay all renewal fees for the ACS Products within thirty (30) days after the end of the calendar year. If timely payment of all outstanding renewal fees is not made, access to the ACS Products will be discontinued. ACS reserves the right to modify the renewal period or License Fee upon sixty (60) days prior notice to Licensee.

c. ACS agrees to provide Licensee COUNTER compliant usage reports via a self-service web site on a monthly basis for applicable ACS Products subscribed to by Licensee under this License.

#### 4. CONSORTIUM; AUTHORIZED USERS; SITES; ADDRESSES

This License applies to Consortia and/or Multisite Licensees of ACS Products.

a. For purposes of this Agreement, “Consortium” is defined as a group of academic educational institutions or companies with multiple sites and their libraries that have authorized a single administrative organization to negotiate this License. Consortia may consist of units of a single legal entity (for example, different branches of a state university), or may be separate legal entities.

**b.** ACS grants to Licensee and Authorized Users at the authorized sites (“Authorized Sites”) identified in Attachment B online access to the ACS Products identified in Attachment A. This License extends to Licensee and Authorized Users individually at Authorized Sites. For purposes of this License, “Authorized Users” means, for example, those serving in the capacity of employees, consultants under contract with Licensee, faculty and other teaching staff, and persons officially registered as full or part-time students located on Authorized Site. Authorized Users may access the ACS Products from remote sites. Others who are physically present at an Authorized Site may access the ACS Products but may not do so from locations outside of an Authorized Site.

**c.** Licensee shall exercise reasonable care and shall be responsible for all access control to ensure only Authorized Users access the ACS Products. Licensee is responsible for all usage/downloads of ACS content by users that gain access through the institution’s firewall, proxy servers and other gateways for users authorized via the IP’s listed on Attachment B. Licensee agrees to notify Consortium members and Authorized Users of the relevant conditions for accessing ACS Products. Licensee further agrees to enforce the Terms and Conditions of this License in response to notification by ACS that one or more Consortium members or Authorized Users is in violation of the Terms and Conditions of this License.

**d.** Authorized Users will be recognized and authorized by their Internet Protocol (“IP”) addresses. Licensee is responsible for providing valid IP addresses on behalf of the Consortium. Licensee shall notify ACS of any additions or deletions to the Consortium and acknowledges that any changes may necessitate a change in the fees due under this License. The form of the IP addresses must be acceptable to ACS. Only those IP addresses submitted by Licensee and listed on Attachment B will have access to the ACS Products. If the Licensee(s) plan to use a Proxy Server or enable Virtual Private Network (VPN) access, such access must be registered with ACS and use an ACS-approved configuration.

## **5. PERMITTED USES**

**a.** Authorized Users may view, download, save, or print individual articles, individual book chapters, proceedings, Reagent Chemicals monographs or other individual items from the ACS Products for their personal scholarly, research, and educational use. Authorized Users may make a printed copy of individual articles, individual book chapters, proceedings, Reagent Chemical monographs, or other individual items from the ACS Products for the internal or personal use of others who are Authorized Users but who are unable to access the database personally. Authorized Users may include (and are encouraged to provide) links to the ACS Products as part of course pack offerings or within an e-mail communication.

**b.** Except as set forth in Section Six (6) below, Licensee may use the Subscribed Content to fulfill requests for Interlibrary Loans (“ILL”). ILLs shall include requests to support non-commercial scholarly research by patrons of other libraries such as public, school, or college libraries. Licensee may obtain a copy of an individual article, individual book chapters, proceedings, Reagent Chemicals monographs, or other individual items from the ACS Products in PDF format (Portable Document Format) and transmit it to the ILL requesting Library by mail, fax, or electronic transmission. The borrower may make up to five (5) free article copies of individual journal articles, proceedings, individual book chapters, Reagent Chemicals monographs or other individual items from the ACS Products per year for ILL purposes. Additional requests may be fulfilled only if the applicable single copy fees are paid either to the Copyright Clearance Center or directly to ACS through its sales procedures for single articles, individual book chapters, proceedings, Reagent Chemicals monographs or other individual items from the ACS Products.

**c.** Authorized Users may supply print or electronic copies of individual items taken from ACS Products to national or international pharmaceutical regulatory authorities for the purpose of regulatory approval of pharmaceutical products. Authorized Users may supply print or electronic copies of individual items taken from the ACS Products when required by law.

**d.** Licensee is permitted to store electronic copies of individual items from the ACS Products within Licensee’s internal electronic database for later retrieval to provide print or electronic copies of all or any part of the said individual items to national or international governmental regulatory or judicial authorities for the purposes of obtaining regulatory approval or as may be required by law from time to time.

e. Authorized Users have the right to submit print or electronic articles and similar discrete material to the regulatory agencies in connection with applications for drug and product approval, provided that such submissions do not amount to commercial redistribution for direct profit. Regulatory purposes, in this context, means use of the subscribed content in connection with preparation or submission of filings for regulatory approval.

f. Authorized Users may reactively supply single copies of articles (either digital or paper copies) taken from the ACS Products to healthcare professionals or other third parties in response to enquiries relating to Licensee's medical products. Such copies must carry, without modification, those copyright notices already incorporated in the ACS Products. This use of the ACS Products is restricted to responding to enquiries only. For the avoidance of doubt, this excludes the proactive or multiple supplies of articles for marketing, sales, or other purposes, including any activity that would replace a subscription or the purchase of reprints.

## **6. PROHIBITED USES**

a. Except as provided in Section Five (5) above, Licensee and its Authorized Users agree not to forward, transfer, sell, rent, or otherwise knowingly distribute or provide access to the ACS Products or any portions thereof, to any third party. Individual articles, individual book chapters, proceedings, Reagent Chemicals monographs or other individual items from the ACS Products and other information obtained under this License may not be used for fee-for-service purposes such as document delivery, except under a separately negotiated transactional license. The ACS Products may not be used to supply single articles, individual book chapters, proceedings, Reagent Chemicals monographs, or other individual items to ILL requesters that are employed by a commercial organization or by a library that belongs to a for-profit company without prior written approval of ACS.

b. Authorized Users may not modify, alter, or create derivative works of the materials contained in the ACS Products without prior written permission from ACS. Indexing – by human or machines means, aggregating, data mining, peer-to-peer (or similar) file-sharing are all prohibited uses unless an institution concludes a specific, separate license with ACS to do so. Users may not use illustrations or other graphic excerpts or abstracts without a complete citation and the inclusion of a persistent URL link to the appropriate material within ACS Products.

c. Individual articles, book chapters, Reagent Chemicals monographs, and other individual items from the ACS Products that include information obtained as a result of access to the ACS Products are not to be systematically downloaded, re-published in any media, print or electronic form. Individual articles, book chapters, Reagent Chemicals monographs, or other individual items from the ACS Products may not be downloaded in aggregate quantities or centrally stored for later retrieval.

d. Licensee acknowledges that ACS may prevent Licensee and its Authorized Users from using, implementing, or authorizing use of any computerized or automated tool or application to search, index, test, or otherwise obtain information from ACS Products (including without limitation any “spidering” or web crawler application) that has a detrimental impact on the use of the services under this License. Licensee agrees to assist ACS in correcting unauthorized use of such methods or applications and acknowledges that ACS may from time-to-time implement tools or other controls on the ACS Products to regulate or restrict use of computerized or automated applications that are used to search, index, test, or obtain information from the ACS Products. ACS acknowledges that Licensee may not be able to prevent its Authorized Users from using such methods or applications.

e. Licensee is required to notify ACS of any infringements of copyrights or unauthorized use of which they become aware. Licensee will cooperate with the ACS in investigating any such unauthorized uses and taking reasonable steps to prevent a reoccurrence.

## **7. TRIAL SUBSCRIPTIONS**

Licensee may from time to time during the Term of this License desire access to other ACS products and/or services not identified in Attachment A for a limited, trial period (“Trial Subscription”) to determine its usefulness or suitability to Licensee. Similarly, Licensee may from time-to-time during the term of this License desire access to other ACS products and/or services through Pay-Per-Use models such as the Metered Access Plan (MAP). Licensee's

access to and use of all such ACS products and/or services granted under a Trial Subscription or Pay-Per-Use model shall be subject to and governed by all applicable Terms and Conditions of this License.

## **8. ACCESS**

**a.** ACS shall use reasonable commercial efforts to provide continuous availability of ACS Products through the Internet. It is understood that availability will be subject to periodic interruption due to maintenance of the server(s), installation or testing of software, loading new information files, and downtime related to equipment or services outside the control of ACS including public and private telecommunications services or Internet nodes or facilities. ACS shall not be liable for any delay, downtime, transmission error, software or equipment incompatibilities, force majeure or other failure of performance.

**b.** Except for termination for cause, upon request at time of cancellation, Licensee will be provided access to the Subscribed Content from ACS Web Editions and ACS Division Proceedings Online published during Licensee's subscription period only. The content of ACS Web Editions will be made available via a one-time provision of a PDF version in the form of a CD ROM or by an alternative digitally accessible solution, if and when available. Upon cancellation of all or part of subscribed access, Licensee may retain digital access rights to only those journals that were subscribed to and published during the time the Licensee had an active subscription to ACS Web Editions. Such digital access rights shall be contingent upon payment of an annual post-cancellation platform maintenance fee. After 2011 no optical or physical media will be provided for post cancellation access. Backfile or Archive product, eBooks, or content purchased via Pay-Per-Use has no post cancellation rights. Licensees that terminate through cause or default have no post cancellation rights under this program. The contents of ACS Division Proceedings Online will be made available for material from the year of cancellation (if Licensee has paid the subscription fee for that year), as well as from the prior years Licensee was a paid subscriber to ACS Division Proceedings Online. Upon cancellation of a subscription to ACS Products, no additional service will be provided save the aforementioned options for the ACS Web Editions.

**c.** ACS will make reasonable efforts to maintain the legacy archive of journal articles published in PDF format between 1879 and 1995. In the event that it proves commercially unreasonable for ACS to maintain the ongoing availability of the PDF legacy archive, ACS, in consultation with its Library Advisory Group, will make a conservation copy of the archive available through an acceptable repository to institutions that have purchased access via a One-Time purchase license.

**d.** ACS will make reasonable efforts to maintain the ACS Symposium Series Archive, Current Editions of the Symposium Series, and other similar eBook published content, online published in PDF and/or HTML format. In the unlikely event that it proves commercially unreasonable for ACS to maintain the ongoing availability of the content, ACS, in consultation with its Library Advisory Group, will make a conservation copy of the ACS Symposium Series Archive and Current Editions of the Symposium Series online available through an acceptable repository.

## **9. DISPUTES**

The parties agree to enter into negotiations to resolve any controversy, claim or dispute ("Dispute") arising under or relating to this License. The parties agree to negotiate in good faith to reach a mutually agreeable resolution of such dispute within ten (10) days of written notice of the dispute or such other time period as ACS and Licensee mutually agree. If the dispute is not timely resolved, the parties agree, on request of either party, to resolve the dispute by binding and final arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association then in effect. The arbitration shall take place in the District of Columbia, USA. The arbitrator(s) shall be bound to follow the provisions of this License in resolving the dispute, and may not award specific performance or punitive damages. The decision of the arbitrator(s) shall be final and binding on the parties, and any award of the arbitrator(s) may be entered or enforced in any court of competent jurisdiction. The parties agree that the conduct and results of the arbitration will be kept confidential except as required by law. Notwithstanding anything in this Section to the contrary, disputes in which there is a claim for injunctive relief or other equitable remedy, including specific performance, may be brought in any court having competent jurisdiction throughout the world.

## **10. TERMINATION**

**a. Termination for Default.** If either party breaches a term of this License, the other may send written notice of the breach, including a reasonable cure period of not less than seven (7) business days. If the breach is not cured within that time, or if the parties do not reach a satisfactory agreement on extending the cure period, then the non-breaching party may terminate this Agreement effective immediately upon written notice. In the event Licensee wishes to restore access after a termination for default, if the reduced access period is less than ninety (90) days, there will be no reduction in Licensee's current subscription price. If the Licensee is reinstated after ninety (90) days access cancellation, the Licensee shall be required to pay a \$500 service charge prior to reinstatement. Once Licensee's account is in good standing, ACS will provide Licensee with a prorated credit for its following year's subscription fee equivalent to the reduced or terminated access period.

**b. Termination for Convenience.** Either party may cancel this License at any time by providing the other party with sixty (60) days prior written notice. In the event of such a termination by Licensee, Licensee shall not receive a pro-rated refund of the unused License Fee, and in the event of such a termination by ACS, Licensee shall be entitled to receive a pro-rated refund of the unused License Fee.

## **11. COPYRIGHTS; OTHER INTELLECTUAL PROPERTY RIGHTS**

Except as otherwise specifically noted, ACS is the owner of all right, title and interest in the content of the ACS Products, including, without limitations, individual journals, articles, abstracts, book chapters, proceedings. All ACS Products are protected under the Copyright Laws of the United States Codified in Title 17 of the U.S. Code and subject to the Universal Copyright Convention and the Berne Copyright Convention. Licensee agrees not to remove or obscure copyright notices. Licensee acknowledges that it has no claim to ownership of any part of the ACS Products or other proprietary information accessed under this License.

The names "American Chemical Society," "ACS" and the titles of the journals and other ACS Products are trademarks of ACS.

## **12. DISCLAIMER OF WARRANTIES; LIMITATION OF LIABILITY**

ACS warrants that it is entitled to grant this License. EXCEPT AS SET FORTH IN THE PRECEDING SENTENCE, ACS MAKES NO WARRANTY OR REPRESENTATION OF ANY KIND, EXPRESS OR IMPLIED, WITH RESPECT TO THE ACS PRODUCTS INCLUDING THEIR QUALITY, ORIGINALITY, SUITABILITY, SEARCHABILITY, OPERATION, PERFORMANCE, COMPLIANCE WITH ANY COMPUTATIONAL PROCESS, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

ACS SHALL NOT BE LIABLE FOR: EXEMPLARY, SPECIAL, INDIRECT, INCIDENTAL, CONSEQUENTIAL OR OTHER DAMAGES ARISING OUT OF OR IN CONNECTION WITH THE LICENSE GRANTED HEREUNDER, THE USE OR INABILITY TO USE ANY ACS PRODUCT, ACS'S PERFORMANCE UNDER THIS LICENSE, TERMINATION OF THIS LICENSE BY ACS OR THE LOSS OF DATA, BUSINESS OR GOODWILL EVEN IF ACS IS ADVISED OR AWARE OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL THE TOTAL AGGREGATE LIABILITY OF ACS OUT OF ANY BREACH OR TERMINATION OF THIS LICENSE EXCEED THE TOTAL AMOUNT PAID BY LICENSEE FOR ACCESS TO ACS PRODUCTS FOR THE CURRENT YEAR IN WHICH SUCH CLAIM, LOSS OR DAMAGE OCCURRED, WHETHER IN CONTRACT, TORT OR OTHERWISE, INCLUDING, WITHOUT LIMITATION, DUE TO NEGLIGENCE. The foregoing limitations and exclusions of certain damages shall apply regardless of the success or effectiveness of other remedies. No claim may be made against ACS unless suit is filed within one (1) year after the event giving rise to the claim.

## **13. LICENSEE'S AUTHORIZATION**

In the event this License is for a Consortium, Licensee represents and warrants that it has the right to enter into this License on behalf of each and every one of the Consortium members. Licensee shall be responsible for compliance with all terms and conditions of this License by all Consortium members and by all Authorized Users.

**14. INDEMNIFICATION**

Licensee agrees to indemnify ACS against any and all claims brought by Authorized Users and/or Consortium members against ACS and any claims brought against ACS resulting from any actions by Authorized Users and/or Consortium members. In the event this License is for a Consortium, all references to "Licensee" in this License shall apply equally and fully to the Consortium and each of its members.

**15. GENERAL**

This License sets forth the entire understanding of the parties and may not be modified without the express written consent of both parties. The validity, construction and performance of this License shall be governed by and construed in accordance with the laws of the District of Columbia, USA without reference to its conflicts of laws principles. Licensee acknowledges that the delivery of the ACS Products will occur in the District of Columbia, USA. Licensee shall pay any taxes lawfully due from it, other than taxes on ACS's net income, arising out of Licensee's use of ACS Products and/or other rights granted under this License. Licensee may not assign or transfer its rights under this License without the express written consent of ACS.

**16. ACCEPTANCE**

Signing this license constitutes acceptance by Licensee of the terms and conditions contained herein. Licensee warrants that it has read and understands this License. ACS reserves the right to modify this License at any time by posting the modified terms and conditions on the ACS Publications Web site. Any use of ACS Products after such posting shall constitute acceptance of the terms and conditions as modified.

**ACCEPTED:**

I have read and agree to adhere to and abide by all the terms and conditions of this License Agreement.

**Important:** Web orders cannot be processed without an e-mail address of contact person. Administrator will be notified by e-mail within 5 days of receipt of completed Agreement that account has been activated. Full Payment must be received within 30 days of invoicing.

**Site Information:** List the full name and address of all organization locations that will participate in the Agreement, with their ACS Account numbers, if available. Attach additional copies of this sheet if necessary.

Location Name	Address (Street, City, State, Postal Code)	ACS Account Number (if available)	IP Address*

**\*IP Address Note:** Please list digits that are separated by periods. Example: IP address 123.456.7\*. IP Address should specify the first two groups of digits (Level B address), or the first three groups of digits (Level C address), or may specify the complete IP address of the Proxy server(s) handling the Authorized Sites. Please designate Proxy Servers as such.

## Attachment C: Schedule of Fees

The pricing and subscriptions listed on this Attachment C are for a term of January 1, 2012 to December 31, 2012 unless otherwise specified below.

**ACS WEB EDITIONS:** Licensee will pay a fee of \$\_\_\_\_\_ for electronic access to the Web Editions of the journals selected in Attachment A.

### **ACS LEGACY ARCHIVES:**

**Subscription Option:** Licensee will pay an annual access fee of \$\_\_\_\_\_ for electronic access to the ACS Legacy Archives.

**OR**

**One-Time Payment Option:** Licensee will remit a one-time payment of \$\_\_\_\_\_. An annual maintenance fee of \$\_\_\_\_\_ will be charged, starting in 20\_\_. Failure by the Licensee to submit the maintenance fee payment annually will result in a suspension in access to the archive content until payments are made current. Maintenance fees are subject to nominal annual increases.

**CHEMICAL & ENGINEERING NEWS ONLINE:** Licensee will pay an annual access fee of \$\_\_\_\_\_ for the primary location and \$\_\_\_\_\_ for each secondary location for electronic access to Chemical & Engineering News Online.

### **CHEMICAL & ENGINEERING NEWS ARCHIVES**

**Subscription Option:** For the initial term of this Agreement the Licensee will pay an annual access fee of \$\_\_\_\_\_ for Chemical & Engineering News Archives.

**OR**

**One-Time Payment Option:** The Licensee will remit a one-time payment of \$\_\_\_\_\_. An annual update fee of \$\_\_\_\_\_ will be charged starting in 20\_\_. Each year's update fee includes access to the previous years' content, which will be loaded annually in the first quarter. Failure by the Licensee to submit the update fee payment annually will result in a suspension in access to the archive content until payments are made current. Annual update fees are subject to nominal annual increases.

**REAGENT CHEMICALS ONLINE:** For the life of the \_\_\_\_\_ edition, the fee for electronic access to Reagent Chemicals Online is \$\_\_\_\_\_ for the primary location and \$\_\_\_\_\_ for each secondary location.

**ACS SYMPOSIUM SERIES ONLINE:** Licensee agrees to pay \$\_\_\_\_\_ for the ACS Symposium Series Archive starting in 20\_\_.

An annual maintenance fee of \$\_\_\_\_\_ will be charged for the ACS Symposium Series Archive, starting in 20\_\_. Failure by the Licensee to submit the maintenance fee payment annually will result in a suspension in access to the archive content until payments are made current. Maintenance fees are subject to nominal annual increases.

The Licensee agrees to pay \$\_\_\_\_\_ for the ACS Symposium Series Current File for the year 20\_\_.

**ACS DIVISION PROCEEDINGS ONLINE:** Licensee will pay an annual access fee of \$\_\_\_\_\_ for electronic access to the ACS Division Proceedings selected in Attachment A

### **JOURNAL OF CHEMICAL EDUCATION: Subscription Term:**

**Online only option:** Licensee will pay an annual access fee of \$\_\_\_\_\_ for electronic only access to the Journal of Chemical Education.

**OR**

**Print and online bundle option:** Licensee will pay an annual access fee of \$\_\_\_\_\_ for electronic/print bundle access to Journal of Chemical Education.
