Prix d’excellence!

In the field of thio-organic chemistry, we have won the award for the best performance, and you have helped us to do this.

1 - QUALITY:
Systematic control at all stages of productions. High standards of specifications and reliability; our products are of highest quality.

2 - NEW APPLICATIONS AND RESEARCH:
We are constantly working to develop new products. And we do not cease to extend the field of applications for our existing products in more and more numerous industrial sectors: petrochemistry, phytotherapy, pharmaceuticals, metallurgy, plastics and coverings, photography, laboratories...

3 - SECURITY AND TECHNICAL ASSISTANCE:
Transport of our thio-organic products under the most strict security conditions. Handling and storage, reception and use of products without any damage to the environment or danger to personnel: our technical assistance service looks after your problems.

PRINCIPLE PRODUCTS:
- Light aliphatic mercaptans R-SH
- Tertiary mercaptans
- Linear mercaptans
- Dimethyl and diethyl sulphide
- Dimethyl sulfoxide (DMSO)
- Thioethanol ethyl
- 1,2 Ethane dithiol
- Tetrahydrothiophen
- Liquid Hydrogen Sulphide
- Thioacetic acid
