

## American Chemical Society's Policy on Theses and Dissertations

This policy addresses permission to include **your article(s)** or portions of text from **your article(s)** in your thesis.

**Reuse/Republication of the Entire Work in Theses or Collections:** Authors may reuse all or part of the Submitted, Accepted or Published Work in a thesis or dissertation that the author writes and is required to submit to satisfy the criteria of degree-granting institutions. Such reuse is permitted subject to the ACS' "[Ethical Guidelines to Publication of Chemical Research](#)". Appropriate citation of the Published Work must be made as follows

"Reprinted with permission from [COMPLETE REFERENCE CITATION]. Copyright [YEAR] American Chemical Society." Insert the appropriate wording in place of the capitalized words. Citation information may be found after the "Cite this:" heading below the title of the online version and at the bottom of **the first page of the pdf or print version of your ACS journal article.**

If the thesis or dissertation to be published is in electronic format, a direct link to the Published Work must also be included using the [ACS Articles on Request](#) author-directed link.

If your university requires written permission and your manuscript has not yet received a DOI (published ASAP), send a request to [copyright@acs.org](mailto:copyright@acs.org) that includes the manuscript number, the name of the ACS journal, and the date that you need to receive our reply.

If your university requires you to obtain permission for manuscripts in ASAP status or final published articles, you must use the RightsLink permission system. **See RightsLink instructions at <http://pubs.acs.org/page/copyright/permissions.html> and make requests at the "Rights & Permissions" link under the title of the online version of the article.**

**Submission to a Dissertation Distributor:** If you plan to submit your thesis to UMI or to another dissertation distributor, you should not include the unpublished ACS paper in your thesis if the thesis will be disseminated electronically, until ACS has published your paper. After publication of the paper by ACS, you may release the entire thesis (**not the individual ACS article by itself**) for electronic dissemination through the distributor; ACS's copyright credit line should be printed on the first page of the ACS paper.
